## **Support for Businesses in Trafford:**

- **COVID-19 Cyber Security;** Online criminals are using an increasing number of ways to target businesses and individuals online by using the current Coronavirus (Covid 19) situation as the 'hook' to lure residents and businesses into phishing e-mails and fake websites. Cyber criminals are using the pandemic as a way of getting malware and viruses onto devices to steal credentials, access webcams and commit fraud. The North West Regional Organised Crime Unit advises;
- Go to the organisations' genuine website
- Check the detail of the URL or website address
- Avoid clicking on links on e-mails and text messages
- Think before you click
- Don't rush to give away personal details
- Don't assume everything you receive is genuine

The National Cyber Security Centre provides resources to enable businesses to understand the latest threats. To access the resources click [here](#).
